

VICE PRESIDENT FLYNT ANNOUNCES RETIREMENT

Vice President for Student Affairs Willard C. Flynt has announced his intention to retire from the College June 30, 1975. Flynt joined the College in January 1955 as director of admissions and was promoted to Dean of Students in the fall of 1957. In August 1969 he was promoted to Vice President for Student Affairs, and he is the only person ever to hold that position on the Plattsburgh State campus.

"State University College at Plattsburgh will not be the same without you," wrote College President Joseph Burke in acknowledging the Vice President's letter of intent. "I am most fortunate to have you around for an additional year to assist me in building my administration. We will undoubtedly have hundreds of applicants for your position. Although we will find a well qualified successor, we are not likely to find a replacement for Bill Flynt."

Retired College President George W. Angell, who has worked with Flynt throughout his first nineteen years at Plattsburgh State, said: "Bill Flynt has been one of my closest friends and advisors since he joined Plattsburgh State in 1955. He combines an uncompromising interest in students with the characteristics of kindness and generosity which are so rare and yet so vital to success in the position he is leaving. These characteristics have provided a base of wisdom and impeccable professional judgement which has guided students and his associates through the critical periods of social unrest. It is no wonder that students year after year have wanted to name buildings and programs in his honor. It has been my rare privilege to have the advice and help of this great man through these many years."

PRESIDENT'S WELCOME TO FACULTY OUTLINES COMMON APPROACH TO CAMPUS ISSUES

In his opening address to College faculty Tuesday — an address he described as "hopeful and optimistic by choice and conviction" — new College President Joseph Burke called for development of "a working model for the College which guarantees common approaches to campus-wide issues while encouraging a creative diversity of solutions to the particular problems of its Faculties, Divisions and Offices. Such a model must recognize that people are more important than things," he said, "for as material resources become steady and scarce, creative people become the crucial components of a campus."

Three elements which Dr. Burke described as basic to the model were: (1) collective determination and clear delineation of College-wide goals and objectives; (2) judgement of program proposals from a campus-wide perspective in the content of the stated goals and objectives; and (3) development of equitable staffing and funding formulae tailored to the College's goals and objectives and to the requirements of each of the College units.

Dr. Burke concluded his address with the statement that, "Today, more and more people, having become disillusioned with the quantitative 'rat race' for the 'good life', are increasingly concerned with improving the quality of their lives. A College which can speak to those qualitative concerns by building a living model on its campus cannot only live without the 'more' of the Sixties, but learn to enjoy it."

PRESIDENT'S SUITE MOVED TO KEHOE'S SECOND FLOOR

In a move designed to bring him physically closer to the daily operations of the campus and to make him more accessible to the members of the campus community, President Burke has moved his office in the Kehoe Administration Building from the tenth floor to the second. His telephone number remains the same (564-2010). He hopes to convert his former tenth floor office, with its beautiful view, to a lounge where faculty and staff may entertain their visitors and guests.

AD HOC COMMITTEE TO ASSIST IN REVISION OF AFFIRMATIVE ACTION PLAN

An ad hoc campus committee has been formed to assist the College's Affirmative Action Officer, Mrs. Olive Bradley, in revising and updating the institution's Plan for Affirmative Action. Members of the committee are Dr. Pauline Fitzgerald (Associate Dean of Students), Dr. Ann Hastings (Assistant to the Vice President for Academic Affairs), Dr. John L. Myers (Assistant to the President), and Dr. Ronald Satryb (Assistant Dean of Student Affairs). The revised and updated plan is due by December 15.

ANGELL ENDOWMENT CONTRIBUTIONS TOTAL \$16,082

Contributions to a scholarship endowment fund in honor of retired College President George Angell and his wife Ruth totaled \$16,082. Announcement of the creation of the endowment fund was the highlight of a College/Community testimonial dinner held in the Angell's honor June 22. Each person who attended the dinner contributed to creation of the endowment fund with a

generous contribution from the price of his ticket. In addition, nearly \$6,000 was contributed by Dr. Angell's friends and associates, \$5,000 was contributed by the Plattsburgh Alumni Association, and nearly \$2,300 was contributed by the College's Student Association.

The earnings from the endowment fund will be used to provide scholarships of at least \$400 per year (in 1974 value) for incoming freshmen, according to criteria established by Dr. and Mrs. Angell. The scholarships will continue through the recipients' undergraduate careers, and will begin with the 1975-76 academic year. Outstanding leadership among one's peers based on enthusiasm for life and broad interests in people and society, and a combination of talents such as academic scholarship, music and sports, will be the determining factors used by the Plattsburgh College Foundation's scholarship committee in judging applicants for the scholarships. "The intent of these scholarships," said Dr. Angell, "is to attract to the College campus, regardless of financial need, the kind of personalities who will not only attract similarly qualified students but will give leadership to the campus and will hopefully take leadership in Alumni and Foundation affairs following graduation."

VETERANS' REPRESENTATIVE OFFERS ON-CAMPUS SERVICE

James Morgan, a representative of the Veterans' Administration, has established office hours on campus four days each week to assist military veterans in processing and obtaining their G.I. benefits. Morgan is located in Room 708 of the Kehoe Administration Building (telephone 561-7510), and is available Mondays, Tuesdays and Thursdays from 8:30 until noon and from 1:00 until 5:00 p.m., and Wednesdays from 8:30 until noon.

Gallery Director Katherine Lochridge acknowledges with thanks the co-operation of all those who responded to her letter requesting the return of art works belonging to the College's Permanent Collection. Those who may not have received a letter, or who may not have had the opportunity to reply should note that it is necessary that all art works on loan from the Collection be returned to the Gallery (FA 202) so that an inventory and necessary cataloging, photographing, and surveying for restoration may be done. FACULTY SENATE APPROVES PROPOSAL FOR MASTER OF ARTS (LIBERAL STUDIES)

Tuesday, during its first meeting of the current academic year, the Faculty Senate approved a proposal that a new Master of Arts (Liberal Studies) degree program be initiated on the Plattsburgh campus. The program, which still requires the approval of College President Burke and of the State University's Central Administration, provides a broadly defined set of guidelines for Masters degree study which will allow North Country students to tailor their graduate study to their specific needs and interests. It is designed primarily for two types of people — those whose expertise in their work or profession might be enhanced by graduate study, and those who wish to pursue graduate study and satisfy a curiosity which might not fit into the guidelines of more restrictive graduate programs. The proposal calls for students to concentrate 12-18 hours of graduate study in a principal area, and an additional 6-9 hours of study in each of two complementary areas. It will be administered by the Faculty of General and Continuing Education. A committee of three faculty advisors will be appointed to oversee each student's program.

In other actions Tuesday, the Senate elected Thomas E. Holland as secretary to replace Joseph G. Swinyer who resigned for health reasons; elected Dr. Arnold L. Rheingold as representative to the Standing Committee on Faculty Affairs replacing Dr. Mary Anne Poston; approved a minor Bylaw amendment changing the designation of the administrative governance unit to "management governance unit."

COUNCIL INVITES ALUMNI, STUDENT, FACULTY OBSERVERS

In line with a resolution approved by the Board of Trustees of the State University in April, the Plattsburgh College Council has invited the presidents of the Plattsburgh Alumni Association (John Longware), the Plattsburgh Student Association (Joseph Quartuccio), and the Plattsburgh Faculty Senate (Dr. James Dawson), to attend its regular meetings as non-voting observers. The three representatives will attend their first Council meeting this afternoon on campus.

In April the Trustees "Resolved that it shall be the policy of State University of New York that University and College Councils and the Board of Trustees of the College of Environmental Science and Forestry shall invite a representative of the students, faculty and alumni from their respective campuses to attend regular meetings of such bodies."

DEAN PERKINS TO HEAD NEW CAMPUS COMMITTEE ON RESEARCH

Dean Harold Perkins of the Faculty of Science and Mathematics will chair a seven-member ad hoc committee on research organized by Acting Vice President for Academic Affairs Charles Evans at the request of President Burke. The committee's charge is twofold. It is to recommend ways to enhance the climate for research on the Plattsburgh campus, including all aspects of faculty and student research whether funded externally or through recognized University budget categories, and it is to review College administrative organization and procedural operation for the purpose of identifying any possible administrative impediments to research. A final report including suggestions for an improved structure and procedure for the stimulation and coordination of the research effort, is due by November 1, 1974.

Members of the committee are Dr. William Berberet, Dr. David Dirlam, Dr. John Goldthwait, Dr. Ralph Grover, Dr. Peter Hornby and Dr. Richard Moore.

CLIFFORD IRVING HERE TOMORROW TO DESCRIBE 'HOAXING IN AMERICA'

Clifford Irving, on parole after serving 17½ months of a 2½ year federal prison term for conspiracy to defraud through use of the mails in the Howard Hughes Autobiography Hoax, will be a guest speaker on campus Friday. At 4:00 p.m. he will lead an informal discussion on "The Business of Success" in the Commons of Champlain Valley Hall. Irving's Friday evening lecture on "Hoaxing in America" is described as "a philosophical journey into the American way of lying, in the home, in business, in the media, in texts and other books, and in the system of justice; and an attempt to relate all that to the Howard Hughes Autobiography Hoax and the Nixon Hoax, Watergate."

This, the first Speakers' Forum presentation of the current academic year, is open to the public, free of charge. The evening speech will begin at 8:00 in the Large Auditorium of Hawkins Hall, and doors will open to students at 7:15 and to the general public at 7:45.

COMPOSITION OF VICE PRESIDENTIAL SEARCH COMMITTEES ANNOUNCED

The composition of the search committees which will seek and screen candidates for the Vice Presidencies of Academic Affairs and Student Affairs at the College have been determined after consultation between President Burke, the Vice Presidents, the Deans and the members of the Faculty Senate's Executive Committee and Faculty Affairs Committee.

The 27-member **search committee for a new Vice President for Academic Affairs** will include the following representatives: fourteen faculty (including two from each Faculty elected by the members of their respective Faculties, the chairman of the Faculty Senate, the chairman of the Faculty Senate Faculty Affairs Committee and two department chairmen chosen by vote of the department chairmen); two deans (chosen by the deans); one representative of the Student Affairs staff (elected by the Student Affairs staff); one non-teaching professional elected by the staff of Instructional Resources; the three College Vice Presidents; one librarian (elected by the library staff); three students (appointed by the President of the Student Association); one alumnus (appointed by the President of the Alumni Association); one member of the College Council (appointed by the Council Chairman). Acting Vice President for Academic Affairs Charles Evans will chair the committee.

A 29-member **search committee for a new Vice President for Student Affairs** will include the following representatives: eight members of the Student Affairs staff (one each from Placement, Admissions, Housing, Counseling, Financial Aids, Student Activities, Health Services and the General Administration of Student Affairs); seven students (appointed by the President of the Student Association); the Vice Presidents for Business Affairs and Student Affairs; two deans (chosen by the deans); five faculty (one elected from each of the five academic Faculties); one member of the College Council (appointed by the Council Chairman); one alumnus (appointed by the Alumni Association President); one representative of the Faculty Senate Executive Committee; one representative of the Faculty Senate Faculty Affairs Committee; the Director of Safety and Security. Dr. John L. Myers, acting assistant to President Burke, will be the non-voting chairman of the committee.

"These committees were formulated to be as broadly and fairly representative as possible," said President Burke, "which accounts for the large number of persons they comprise." It is planned that the committees' work will be concluded in time for the new vice presidents to take office July 1, 1975.

DR. HEROD NEW CHAIRMAN OF AFFIRMATIVE ACTION ADVISORY COMMITTEE

Dr. Charles Herod, coordinator of Afro-American Studies, has accepted President Burke's invitation to serve as chairman of the College's Affirmative Action Advisory Committee. The committee generally monitors the operation of the College Plan for Affirmative Action, recommending actions, reviewing procedures and progress and aiding in the campus-wide understanding and promotion of equal employment opportunities.

TOP-LEVEL COMMITTEE TO EXAMINE REGISTRATION PROCEDURES

President Burke has appointed a top-level, four-man committee to devise more efficient and humane procedures for registration. Appointment of the committee was prompted by the "discouraging" feedback about this fall's registration. Members of the committee will be Vice Presidents Flynt and Seawell, Acting Vice President Evans and Assistant to the President William Dempsey (Analytical Studies and Long Range Planning). A preliminary report is expected by October 9.

DR. LEONARD SCHIFF TO RETIRE AUGUST 31, 1975

Dr. Leonard J. Schiff has announced his plans to retire from the College August 31, 1975. Dr. Schiff joined the College in 1957 and worked as College Physician on a half-time basis until his appointment as full-time Director of College Health Services in 1966. He attended Plattsburgh Public Schools and is a graduate of Cornell University and Albany Medical College.

He maintained a medical practice in Plattsburgh from 1937 until 1942, when he joined the United States Army Air Force. He left the Army Air Force in 1946 with the rank of major, flight surgeon, and returned to a private practice in Plattsburgh which he maintained until his appointment to the full-time College position. He was health officer for the City of Plattsburgh from 1952 until 1954, and has been Deputy Commissioner of the Clinton County Department of Health since 1954.

Acknowledging Dr. Schiff's retirement plans, Vice President for Student Affairs Willard Flynt said: "As always when a person retires, one receives the notice with mixed emotions, sincere sadness that such a fine and dedicated person is leaving but happiness that the person will have an opportunity to enjoy leisure and doing many of the things for which he never had time. This College has been fortunate to have his dedicated service for 17 years. I well remember how long he worked practically full time on a part time salary in an old building with very little equipment. The college personnel will miss him and I want to express not only appreciation on behalf of the College but my personal appreciation for the advice and the assistance which Dr. Schiff has given me in many difficult situations over the years."

UYA is sponsored by a grant from the U.S. Department of Health, Education and Welfare. Participating students receive \$200 per month stipends to defray living expenses. UYA volunteers at Plattsburgh concentrate their efforts on alleviating the problems of the rural poor in Clinton County. They supplement community service agency staffs while developing new programs or program innovations to serve the needs of the community.

Students who enroll in the program in December will begin their training period shortly after the Christmas holiday. Another group of UYA volunteers will begin training in June. Students interested in enrolling in either the December or June cycles of the program are urged to contact UYA Director Katherine Felty now to begin their planning. STUDENT ASSOCIATION CONTRIBUTES \$8,500 FOR SCHOLARSHIPS

The Plattsburgh Student Association has contributed \$8,500 to the Plattsburgh College Foundation. The grant goes to a scholarship fund established by the S.A. three years ago. To date, students, through their Student Association, have contributed a total of \$20,500 to the fund. Scholarships from the fund offset some of the financial need of deserving students.

Earlier this year, the Student Association contributed the proceeds (approximately \$2,300) of a Foundation Weekend to the George and Ruth Angell Scholarship Endowment Fund which was established with the Foundation at the time of Dr. Angell's retirement from the College Presidency.

Presenting an \$8,500 Student Association check to Plattsburgh College Foundation President Fred P. Merrihew (center) are S.A. representatives (left to right) Paul Mannino, Mike Murray, Joe Quartuccio and Hank Leavitt.

"It is a pleasure to acknowledge the recent, very generous Student Association gift to the Plattsburgh College Foundation," said Foundation President Fred P. Merrihew. "The gift not only verifies that students themselves care intensively about the educational welfare of the less fortunate among their peers, but also serves as an example which non-College solicitors, like myself, can cite in our efforts to engender support for our Foundation cause in the greater community."

SENATE PASSES RESOLUTIONS ON FALSE FIRE ALARMS, INAUGURATION

At its regular meeting Tuesday, the Faculty Senate passed resolutions dealing with false fire alarms on campus and with the inauguration of President Burke.

The resolution on false fire alarms, introduced by President Burke and amended by the Senate, reads: "Whereas placing false fire alarms endangers the lives of students, faculty, other members of the College community and people of the City of Plattsburgh; the Faculty Senate goes on record as deploring the actions of those individuals who set such false fire alarms. It encourages the Safety Office and Buildings and Grounds to make a thorough check of all fire alarm boxes and devices to determine mechanical failure as well as human failure. It also encourages appropriate College officers and members of the faculty to make whatever educational measures are possible to acquaint members of the College community with the serious dangers resulting from instigation of these false alarms."

The resolution dealing with the inauguration of President Burke empowers the Senate Executive Committee to create an ad hoc committee to plan that inauguration. The Senate Executive Committee met yesterday to discuss appointments to the ad hoc committee on inauguration and write the charge to the committee.

Through yesterday, contributions to the campus United Fund Drive totaled \$2,101. That figure represents 17 per cent of the College's \$12,500 goal for 1974.

"The 1974 campus fund drive has benefited from some very generous individual contributions," said campaign coordinator Don Garratt, "but the participation of every person on campus is necessary if we are to reach our goal and support our fair share of Clinton County's United Fund agencies." The fund drive ends on campus November 5.

AD HOC COMMITTEE TO PLAN INAUGURATION

ADMISSIONS FIGURES SHOW POSITIVE RESULT OF ALUMNI RECRUITMENT

Plattsburgh alumni from Long Island took an active role in last year's recruitment drive for new students. They contacted those persons from their area who were accepted for admission to the College and offered advice and counsel based on their first-hand experience at the College. Figures released this week from the admissions office show that the alumni recruiting effort had a positive effect in increasing the yield (number of accepted candidates who actually enroll) of students from Long Island.

While the yield of the total admissions program dropped 2.3 per cent in 1974 compared to 1973, the yield from the admissions program on Long Island increased by 6 per cent. Of the 861 students from Nassau and Suffolk Counties who were accepted for admission this year, 194 enrolled. In 1973, 151 students enrolled from among 870 who were accepted.

In a memorandum to Malcolm Lavery, director of alumni relations, Admissions Director David Truax said that the increased yield on Long Island substantiates the success of alumni involvement in the recruitment program. "By showing that they care, that they take an interest in their college and its students, alumni are benefiting the recruitment program and providing a unique service for prospective students," said Truax.

U.U.P. ESTABLISHES SCHOLARSHIP FUND

"With this scholarship award, campus professionals again display that their real interest in the welfare of Plattsburgh State students extends well beyond the classroom," said Foundation President Fred P. Merrihew.

CAMPUS UNITED FUND DRIVE NEEDS YOUR HELP

The campus drive for the benefit of the Clinton County United Fund has achieved just over half of its goal for 1974. Campus coordinator Don Garran reports that \$6,671.15 has been collected to date. The College's fair share of the 1974 drive was established at \$12,500.

"There is still time to reach our goal," said Garran, "and I urge everyone who has not yet contributed to contact his divisional United Fund solicitor or Mrs. Brenda Teichman in my office (564-2090) and make his donation to this worthwhile cause." The annual United Fund is the only fund drive permitted on the Plattsburgh State campus.

CAMPBELL ELECTED STUDENT ASSOCIATION PRESIDENT

James Campbell, a junior anthropology major who has been active in student government at the College since his freshman year, has been elected president of the Student Association for 1975. In Student Association elections Tuesday, Campbell received 643 votes to defeat Frank Nolan (509 votes) and Thomas Pryce (145 votes) in the campaign for the Presidency.

Elected to the S.A. Executive Council were Hank Leavitt, executive vice president; Bonnie Williams, vice president for finances; Sue Carr, vice president for student services; Paul Kellerhouse, vice president for student activities.

Elected to seats on the Student Senate were Mark Barie, Ken Broadhurst, Karen Courtney, Mary Anne Cox, Thomas Crosby, James Daly, Jan Dragoon, Michael Forcier, Susan Gitlin, Debbie Haynes, Bill Herman, Brian Kane, Pete McNiff, Jay Purvin and Louis Testa.

Scott Birge was elected chief justice of the Student Court of Appeals, and Matthew Blaustein, John Ralbovsky, Neil Sidrane and Douglas Stamm were elected associate justices.

Paul Mannino was elected to serve as Plattsburgh's delegate to the State University Student Assembly.

A referendum which would have established a pay scale for members of the student government, with funds provided from student activity fees, was overwhelmingly defeated.

CAMPBELL The new Student Association government officers will begin their one-year terms January 1.

ABOUT THAT POWER FAILURE...

The power failure which left nine campus buildings without electricity twice prior to the Thanksgiving recess was caused by deterioration of the weatherproof coating on the underground cable which transmitted power to the buildings. Water seeping through that weatherproof material caused the short circuits which left the buildings without power.

Replacement of the faulty cable was begun November 21 and is continuing. Partial replacement of the cable was completed during the Thanksgiving Recess and power was restored to the affected buildings Monday by splicing new cable to a spare feeder cable which serves several other campus buildings. New cable is now being installed which will complete the replacement circuit from the nine affected buildings to the Municipal Lighting Department substation serving the campus. The two portions of replacement cable will be spliced together to complete the circuit on the weekend of December 21 and 22. The cost of the replacement cable, just over \$125,000, is borne by the State University's capital construction fund, not by the local College budget. In the spring a second, alternate power cable to the main academic area will also be replaced.

RIGHTS AND PRIVACY ACT PROVIDES FOR STUDENT ACCESS TO RECORDS

The Family Educational Rights and Privacy Act — commonly called the Buckley Law — became effective November 19 and establishes for post-secondary school students "the right to inspect and review any and all official records, files and data directly related" to them, and to deny access to those records to other persons except in limited and specified circumstances. Students at the College who wish to review their individual records and files are instructed to request such a review at the office where the records are held. The Buckley Law provides that students be given access to their individual files within 45 days of the date of their requests. It also provides students with the opportunity to challenge their records and correct or delete inaccurate information in those records.

The December 9 issue of *The Chronicle of Higher Education* reported that Sen. James Buckley of New York (the bill's sponsor) and Sen. Claiborne Pell of Rhode Island (chairman of the Senate Subcommittee on Education) are currently working on amendments to the Family Rights and Privacy Act which will more strictly define "student" and "student records" as referred to in the act, thus clarifying its intent. These clarifying amendments, if passed by the Senate, will probably limit student access to some information (such as parents' confidential financial statements or confidential information filed prior to the enactment of the law), but as it now stands, the law provides each student with right of access to all of his own records held on campus.

FACULTY SENATE ELECTS PICCARD; APPROVES GUIDELINES FOR DEANS' EVALUATION

At its regular meeting Tuesday the Faculty Senate elected Dr. Leroy Piccard as vice chairman to complete the term of Dr. J. Stallard Waterhouse, who has resigned. The Senate approved guidelines to be used by unit-level faculty affairs committees in evaluating deans.

The Senate also authorized its Executive Committee to establish two ad hoc committees — one to study procedures for Senate by-law amendment and the other to study the "various implications" and "presumptive grounds" for assigning different student-faculty ratios to different departments or divisions.

TWO VICE PRESIDENTIAL SEARCHES ATTRACT APPROXIMATELY 160 APPLICANTS EACH

The deadline for applications and nominations for vice presidencies of academic affairs and student affairs at the College was December 6. Approximately 160 applications have been received for each of the positions, according to the chairmen of the vice presidential search committees. The search committees are now in the process of reviewing applications and narrowing the field of applicants for each position to between 30 and 50 candidates from whom additional information will be requested.

We are about \$1,808.65 short of our \$12,500 goal, having received \$10,691.35 (for roughly 85 per cent of our goal) from 426 contributors. Anyone who was overlooked in the solicitations and who wishes to contribute may direct their donations to Room 803 of the Kehoe Building. We may yet reach our goal."
